HIBITED BY LAW. REPRODUCTION OF THIS FORM IS PROHIBITED.

THIS IS UNEVALUATED INFORMATION

50X1-HUM

The Soviets until recently have been allowing wolfram and antimony stocks in South China to accumulate until transportation facilities have become available; some 800 to 1,200 tons of wolfram concentrate had accumulated in Canton by early June. Now the Soviets are moving these stocks out as rapidly as possible and plan to ship the current production as soon as it is available.
